

# SHARING positive ENERGY

Wednesday, February 21, 2018

6 to 8 PM

NJM Insurance Group

840 12th Street

Hammonton, NJ

**RSVP:** [bit.ly/ACMEnergy](http://bit.ly/ACMEnergy)

Managing energy use at home, in the workplace, and at the municipal level is proven to have a significant impact on the environment. As a follow up to the February 3rd New Jersey Mayors' Climate Summit, we invite you to learn specific actions your community can take to improve energy use -- a major component of Sustainable Jersey Gold certification. You'll hear from:

- Nancy Quirk, Energy Program Manager at Sustainable Jersey, who will provide an overview of the gold-standard actions.
- Resource providers who can provide incentives for energy upgrades.
- Community leaders who have example projects to share.

A tour of NJM's energy efficient offices will be provided after the program
