Pay As You Throw

*The Equitable Way to Fund Trash Collection
& Enhance Recycling*

Len Resto

Councilman, Chatham Borough, NJ

Why?

- ❖ Trash collection was originally partially included in property taxes. Residents also employed their own hauler
- ❖ Environmental Commission in 1991 studied issue and recommended the “Pay as you Go” program as:
 - Being more equitable
 - Would force recycling
 - Good for the environment
- ❖ Program begun in 1992:
 - Newspaper coverage
 - Annual Mayor’s message with tax bills announcing program
 - Announced in Borough calendar
 - Information left at key areas, e.g. Library, train station, businesses

The Reception

- ❖ Grumbling over the cost of bags
- ❖ However, residents saw a drop in property taxes to offset new method
- ❖ Residents came to understand “Pay as you Go” WAS more equitable:
 - If you waste more, you pay more;
 - If you waste less, you pay less
 - YOU are in control
- ❖ Initial recycling required separation of items; but, residents complied and recycled as if already a habit

The Rationale

- ❖ If the total cost of waste disposal is included in the tax rate; it's not equitable
- ❖ What's fair?
 - If you produce less trash, you should pay less
 - If you produce more trash, you should pay more
- ❖ Financial incentive for all to recycle, lessens the volume of material sent to landfills or incinerators
 - Residents control how much they pay for trash collection services
- ❖ Chatham Borough has “single stream” recycling and test piloted recycling plastic supermarket bags- now being adopted by the communities of faith

"I've Never Recycled Before" "How To"

CURBSIDE PICKUP EVERY FRIDAY except Holidays
PLACE ITEMS AT CURB BY 6 AM THE DAY OF COLLECTION

RECYCLING "HOW TO"

RECYCLING DEPOT 90 Summit Avenue

HOW TO RECYCLE: The "all-in-one" single stream recycling collection program allows all of the items listed in the box below to be mixed together, in the same container, for recycling. Place recyclables at the curb in reusable containers (no plastic bags, except shredded paper). Please remove all caps and lids, recycle loose metal lids. Bottles, cans & boxes must be empty and free of food residue. Recycling containers must have handles and lids. There is a 50 pound weight limit. A 32 gallon container is recommended. If necessary use multiple containers.

WHAT TO RECYCLE

Aluminum food & beverage containers, clean aluminum foil, pie plates & trays
Glass bottles & jars
Steel (tin) cans
Plastic bottles & non-bottles coded PET #1, HDPE #2, LDPE #4, PP #5, and Other #7

How Does This Work?

- Fixed Costs:
 - Fixed cost fee of \$177 per residential unit
 - Fixed cost fee of \$202 per commercial unit
- Variable Costs:
 - 10 bag supply of 15 gallon green bags: \$7.10 (.71/bag)
 - 10 bag supply of 30 gallon green bags: \$13.60 (\$1.26/bag)
- Availability:
 - Kings Supermarket- center of town
 - Dreyer's Lumber- southeast end of town
 - Shop-Rite of Chatham Township-

How Does This Work?

❖ How much can I put at the curb?:

- Bags are sturdy; do not require a container
- Can place as many bags as you wish, there is no limit for collection
- Approximately 25% of residents use containers

❖ Enforcement:

- No issues! Trash collectors will report a recycling violator if jars, bottles and plastic containers rattle or are seen through the translucent bags
- No reason for a neighbor to place bags in front of someone else's home. If there is a missed pick-up, one phone call solves the problem

What's Recycled?

❖ 2014 Single Stream recycling breakdown:

- Cardboard 20.7%
- Other Paper: 30.5%
- Glass: 27.5%
- Other Residue 9.1%
- Plastics: 8.1%
- Steel: 2.6%
- Aluminum: 0.9%
- Scrap Metal: 0.6%

Before & After

- ❖ Single stream recycling means no sorting of paper, cardboard, bottles, etc.
 - Our “back of the envelope” calculation: recycling up by 15%
- ❖ Curbside service 1x week. Recycling depot open on Saturdays
- ❖ Single Stream dramatically increased Chatham Borough’s recyclables
- ❖ Single Stream has allowed Chatham Borough to lead Morris County in terms of percentage of recyclables

Before & After by the Numbers

Year	Chatham Rank in Morris County	Chatham Borough %	Morris County Average %
2004	6 th	50.1%	36.4%
2009	4 th	61.7%	44.2%
2010	7 th	57.4%	45.3%
2011	7 th	62.6%	47.8%
2012	1 st	80.5%	49.2%
2013	1 st	78.5%	49.2%
2014	1 st	72.8%	49.8%

How do I recycle large rigid plastic items? Large rigid plastic items are NOT acceptable for curbside collection. They are acceptable only at the Recycling Center. Carefully read the signs on the large rigid plastic items container before putting anything into that container. (See sample signs to the right.)

Important: Do not put large rigid plastics into any recycling center containers designated for bottles, cans, paper or single-stream recyclables.

May I recycle small rigid plastic items at curbside? Yes, if they can fit inside your curbside recycling bin. Large rigid plastic items are not accepted at curbside and must be recycled at the town's recycling center.

Recycling Education

- Recycling can be confusing because it differs from community to community and rules about recycling have changed overtime
- It's important to educate people to recycle and make sure you end up with a product, rather than just a waste steam
- Its important to educate people to know how to recycle correctly, but also give them information about how their recycling efforts directly affect their community.
