

Sustainable Jersey Program Update

Randall Solomon, Executive Director

Melanie McDermott, Senior Researcher

Renee Haider, Deputy Director

Lauren Skowronski, Program Director for Community Engagement

Anne Heasley, Program Manager, Policy & Planning

Session Agenda

- ✓ Provide a brief program overview: our accomplishments and strategic priorities in looking ahead
- ✓ Delve into some of the many free resources available to your green teams
- ✓ Answer your questions

Sustainable Jersey

- Identifies actions municipalities and schools can take to meet the needs of the present without compromising the future
- Develops tools, resources, and guidance
- Provides access to grants and technical assistance
- Recognizes accomplishments

[illegible]

What Does Certification Mean?

- **Bronze**

- Made a commitment to Sustainability
- Created internal organization (green team)
- Succeeded in implementing first significant actions

- **Silver**

- Beyond getting started
- Making significant progress in a broad range of areas
- Statewide leader

Print Action Description

Download PDF Version

Updated May 2018

Updates include new spotlights

This action will recognize municipalities that create permanent household hazardous waste (HHW) collection programs for two or more materials. Listed below are the most common materials collected:

- Anti-Freeze
- Batteries
- Consumer Electronics
- Fluorescent Light Bulbs
- Paint
- Pesticides and Herbicides
- Used Motor Oil

Lists of other items considered household hazardous waste are available [here](#). Please note that prescription drugs are not covered under this action. See the [Prescription Drug Safety and Disposal](#) action to learn how to earn 10 points for a municipal prescription drug collection program.

To earn 5 points, a municipality must have collection programs in place for two designated household hazardous materials. An additional 5 points each can be earned for up to two

Search Applications

- Look at documentation provided by certified towns
- Download approved policies, plans, and other materials
- Research what towns are doing related to specific actions

SEARCH FEATURES

Participating Communities: To see the municipalities participating in the program, their contacts, and current certification report, use the "Map View" or "List View" buttons at the top of the page. You can then sort the list alphabetically by municipality or county.

Certified Action Filter: This filter can be used to search for actions approved in currently certified communities. Under "By Certified Action" click on the action category to open the list of actions available within that category, check off those that you would like to view, and then click the green update search at the bottom. Then, click "List View" at the top of the page, click on a municipality and view their certification report to see what documentation was submitted for action approval.

Note: While the actions listed in communities certified reports have been approved in the past, standards may have changed and the documentation listed may no longer satisfy requirements for that

Sustainable Jersey Community Certification Report

[Download PDF Version](#)

This is the Sustainable Jersey Certification Report of Hammonton Town (Atlantic), a Sustainable Jersey silver certified applicant.

Hammonton Town (Atlantic) was certified on October 10, 2016 with 355 points. Listed below is information regarding Hammonton Town (Atlantic)'s Sustainable Jersey efforts and materials associated with the applicant's certified actions.

Contact Information

The designated Sustainable Jersey contact for Hammonton Town (Atlantic) is:

Name:	Mica McCullough
Title/Position:	Chair of Hammonton Green Committee / Hammonton Green Committee
Address:	Hammonton, NJ 08037
Phone:	931-446-3759

Sustainability Actions Implemented

Each approved action and supporting documentation for which Hammonton Town (Atlantic) was approved for in 2016 appears below. Note: Standards for the actions below may have changed and the documentation listed may no longer satisfy requirements for that action. Additionally, points associated with actions prior to 2013 certifications may not be accurate.

LOCAL ECONOMIES

Green Business Recognition Program
10 Points
Bronze Priority
Silver Priority

Program Summary:

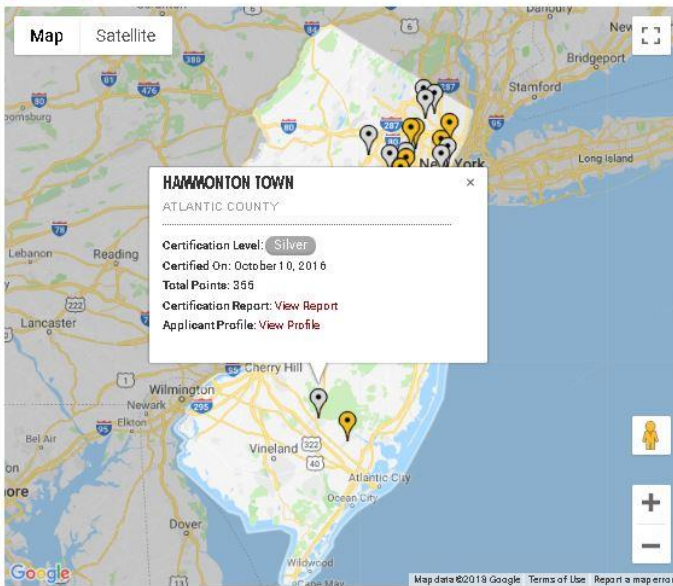

Hammonton Green Committee implemented a Green Business Recognition program in 2015. Before introducing the program, we created a checklist for businesses to begin thinking about green practices that was distributed to community business through various events, including those held by the Hammonton Chamber of Commerce. After finding interest in the checklist, we created an official program that requires businesses to complete at least five actions on our list or alternative actions not included in our list but deemed green by our standards. So far, we have two local businesses signed up, but anticipate more as our partnership and promotion through the Chamber of Commerce and MainStreet organization continues.

Tips for Successful Grant Applications

- Select a project linked to a Sustainable Jersey action that a core group is passionate about
- Clearly define what your project is and who will benefit
- Take advantage of opportunities to collaborate
- Submit a reasonable budget that reflects the total cost of the project
 - Matching, in-kind, and volunteer contributions are not required, but should be documented

Caldwell \$2,000 Grant

Climate Change Issues:

Plastics Pollution and the Plight of Pollinators

- Environmental Commission purchased materials on climate change for the library
- Film screenings with related handouts at library and schools
- Guest speakers
- Outreach to local groups

Ewing \$10,000 Grant

Community Visioning Process

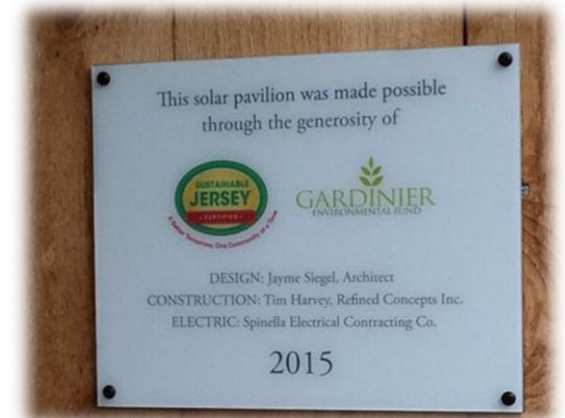

- Community Conversations: Preserving Our Past, Transforming our Future
- Ewing Green Team Strategic Sustainability Plan
- Visioning Workbook to Organize Action
- Communication of Results to Township Boards and Commissions

Morristown \$35,000 Grant

Eco-Shed at the Community Garden

- Sustainable materials
- Rain water collection cistern
 - Provides water needed for gardening
- Solar power
 - Supports all energy uses at the garden

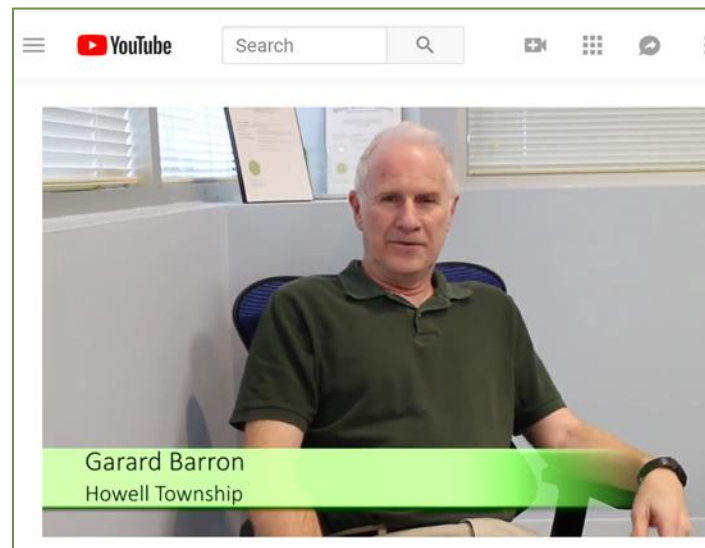

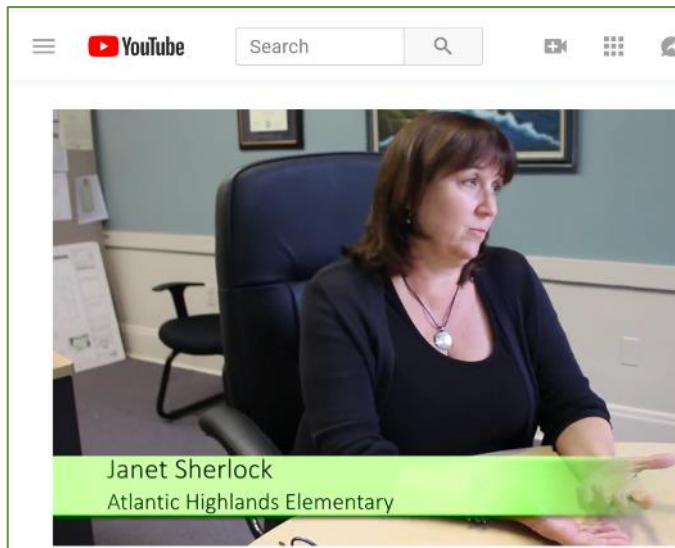

Chatham Borough - \$15,000

- Sixth annual Spring Clean Day
- 125 volunteers and DPW staff
- 1,000 two-foot shrubs and saplings along Passaic River
- Stabilize stream bank and filter runoff

EDF Climate Corps Fellows

What can they do for me?

- Track and analyze energy usage
- Help you take advantage of the New Jersey Clean Energy Program and utility incentive programs
- Get your green team organized and focused on earning points for energy related actions
- Write grant applications
- Explore joint muni/school district initiatives

Complete Streets Technical Assistance Program

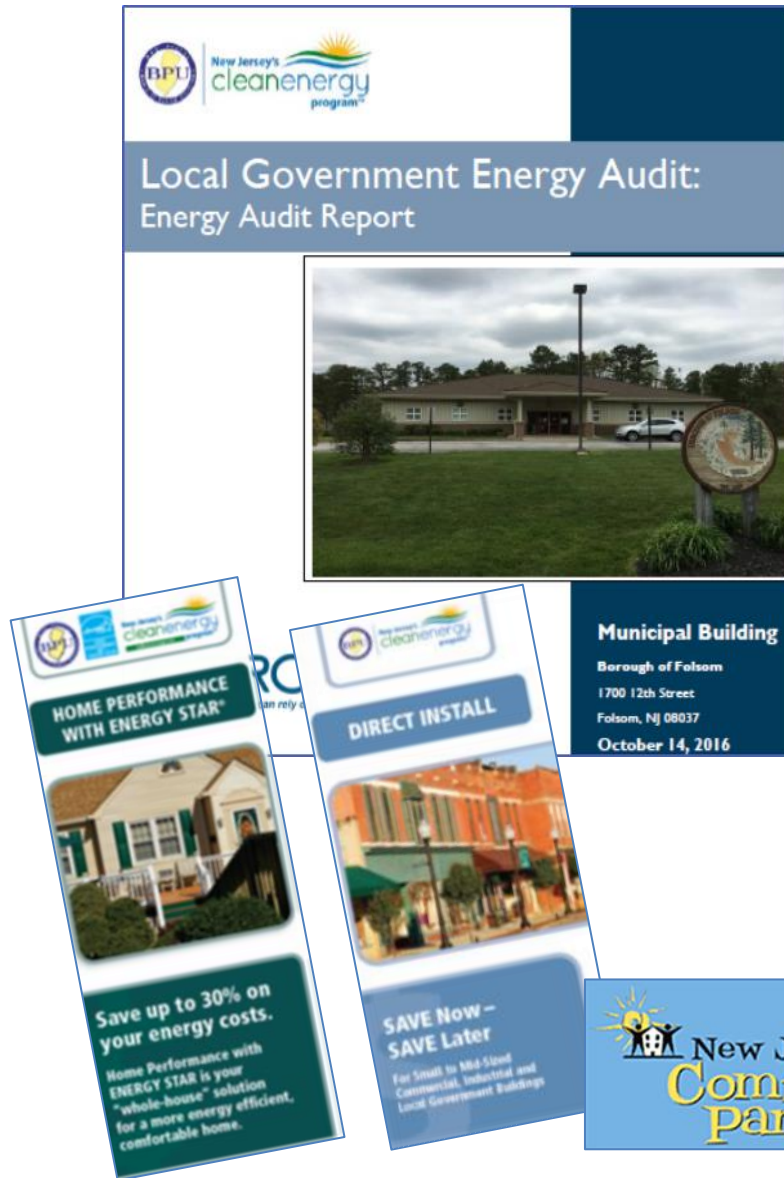

- Up to 10,000 is consulting services
- Application process
- Nine municipalities selected
- Types of projects
 - Walkability Community Workshops
 - Tactical Urbanism Projects
 - Conceptualizations
 - Bicycle Network Plans

Utilize Existing Resources

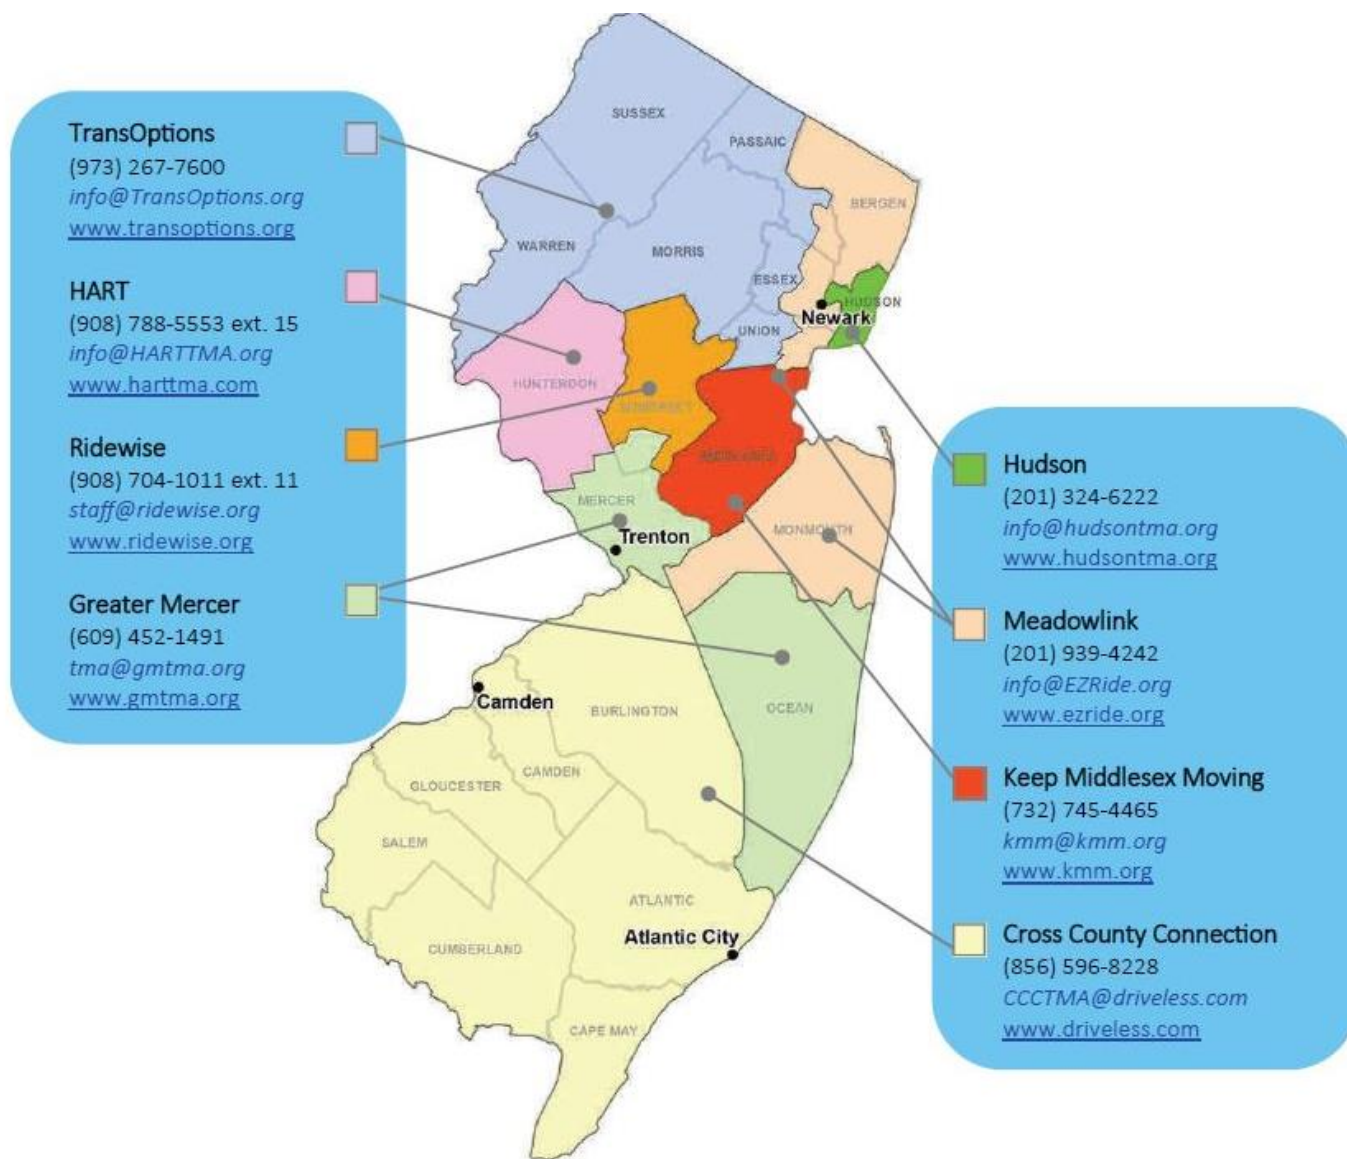

NJ Clean Energy Program (NJCEP)

- Local Government Facilities
 - Municipal buildings
 - Schools
 - Water treatment/wastewater
 - First response facilities
 - Community centers
 - Recreation facilities
- Commercial Institutions
- Residential

Beyond Your Borders: The Benefits to Collaboration

NEXT!

10:45am – 12:00pm

Equity Initiative: *What?*

- In order to help communities better involve and benefit *all* residents...
- Sustainable Jersey is conducting top to bottom assessment of the program:
 - Screen actions
 - ✓ Who benefits? Who participates?
 - Identify gaps & potential new actions, ideas

Equity Initiative: *Why?*

Equity is fundamental to sustainability because...

- It is *fair* ...
 - ✧ Sustainability for *all*
- It *works*...
 - ✧ **Planet- Prosperity- People:** *balance*
 - ✧ When everyone benefits, we all benefit from their buy-in, talents & efforts
- ✧ Improving **social equity** can improve sustainability outcomes

Forms of *inequity*

- ***Where you live*** is a key determinant of discrimination, access to opportunity, health & quality of life in NJ.
- **Race & poverty** map onto *zipcode*.
- Disadvantage also based on:
 - **Age, disability, limited English proficiency, car ownership**
- These factors interact & amplify each other.

SJ Equity Framework: *Equity* concerns...

- Fair distribution of social & environmental benefits & burdens
- Fair participation in decision-making (power)

SJ Actions: *Distribution* of benefits & risks

Making Farmers Markets Accessible

- Location near transit
- Accept SNAP [food stamps]

Vulnerable Populations Identification for Emergencies

- Register individuals w/ disabilities & access needs
- Plan how the town will communicate during emergency

SJ Actions: *Participation*

– Municipal Communications Strategy

- Target diversity of residents with information & opportunities to participate in local government
- Use appropriate channels
 - Social media for *youth*
 - Print for *seniors*
 - Translations for *non-English speakers*

Framework: *Equity* also concerns...

- Time **scale**
 - remove **historical** barriers
 - for the benefit of **future** generations
- Spatial **scale**
 - Inequity *between* municipalities
 - Watersheds, air-sheds, waste-sheds
- Political **scale**
 - Focus on what *municipal government* can influence

SJ Actions: *Scale*

Residential Energy Efficiency Outreach

- Emphasizes municipal outreach on **Comfort Partners (CP)** - helps low-income residents get energy efficiency measures for free.

Essex Hub grant for >\$9,000:

- local organization includes CP material in weekend meals for kids
- ad for CP in the quarterly senior mailer
- translated brochure to Haitian Creole

Want to reduce your utility bills for free?

The NJ State program Comfort Partners provides low-income residents, including renters, with **free** energy efficiency upgrades to reduce their monthly bills.

The application for Comfort Partners is available online at:
njcleanenergy.com/residential/programs/comfort-partners/comfort-partners

or paper copies are available at the Maplewood Clerk's office.
To reach by phone call 800-915-8309.

Comfort Partners has helped over 100,000 NJ residents.

To see the full case study of how Comfort Partners helped Irene, visit njcleanenergy.com

Homeowner, Irene Perrini, with family
"The generosity of the gift of warmth has made my life warm and secure. Everyone who has made this possible has been overwhelmingly kind and thoughtful of my needs and happiness. Thank you to all who participated."

- Collaboration among municipalities can reduce regional disparities

Gaps: Potential New Actions

- Equity self-assessment:
 - ID diversity in community demographics
 - Do participation & services include diverse groups?
- Health equity
 - Lead in water; affordable, quality housing

+ your ideas...?? Join us!

Water Gold

Sustainable State of the State - Water Goals

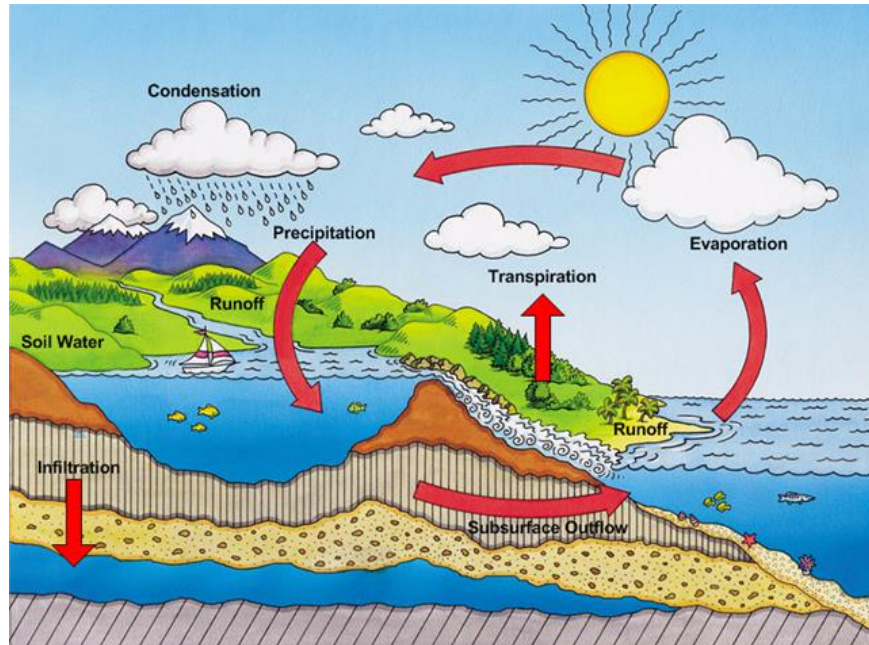

- Sustainable Jersey – water goals from our annual State of the State Report:
 - Drinking water clean and safe for human consumption.
 - Water quality in streams, lakes & wetlands sufficient to support species & ecosystems; safe for recreation & fishing.
 - Water supply, including streamflow & groundwater, sufficient for human uses and & ecosystems.
 - The water system, including infrastructure (drinking, stormwater & wastewater), provides adequate capacity & is resilient to climate change.
 - Access to water resources universally affordable & fairly distributed.

Gold Star in Water: Proposed Actions by Goal

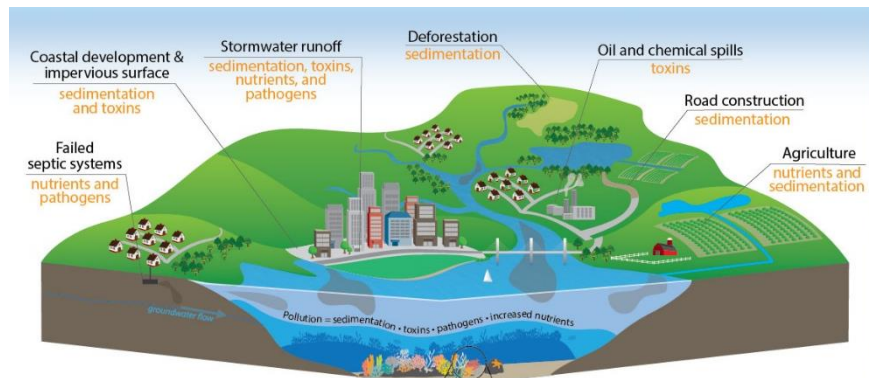

Goal 1: Drinking Water Quality	
	Private Well Testing
	Lead In Drinking Water
	Drinking Water Quality Education
Goal 2: Water Quality in Streams, Lakes and Wetlands	
	Green Infrastructure Planning
	Green Infrastructure Implementation (NJ Future- Toolkit)
	Restoring and Protecting Groundwater Recharge
	Enhanced Stormwater Ordinance
	Riparian Buffer Ordinance
	Open Space Plan (expanded)
	Green Grounds (municipal property)
Goals 3: Water Supply for Humans & Ecosystems	
	Water Conservation Ordinance (outside)
	Water Audit
	Water Conservation Education
	Volunteer Water Monitoring
Goal 4: Water Infrastructure adequate and resilient to climate change	
	Integrated Water Planning Action
Goal 5: Equitable and Affordable Access	
	Open Space Plan (expanded)

One Water Approach

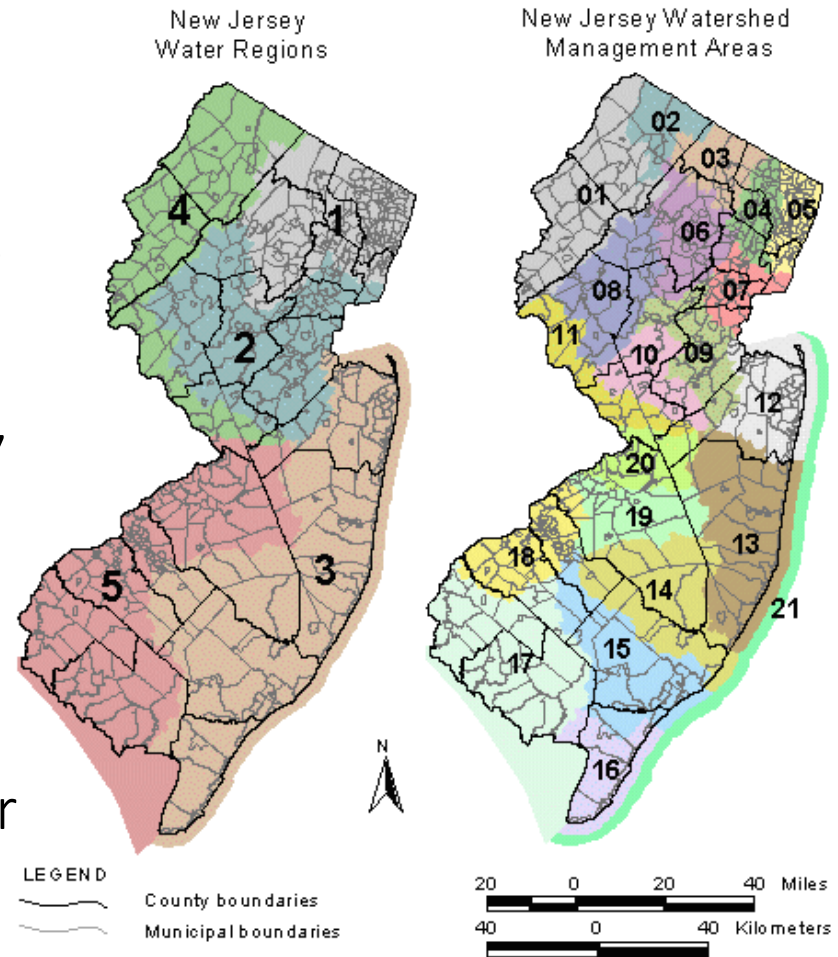

The Gold Star Standard in Water takes a comprehensive approach, which includes:

- Updates to existing SJ actions related to water
- New actions
- An approach for improving water supply, quality and access in your community

New Jersey's Water Story

- Water Supply – 582 public community water systems
- Sewer (waste) Water Systems – 260 systems
- Water Features – approximately 127 miles of coastline; 6,450 river miles, more than 800 lakes and ponds.
- Range of Issues – Flooding, water quality, saltwater intrusion into water supplies, degraded streams due to poor storm water management, and access to water.

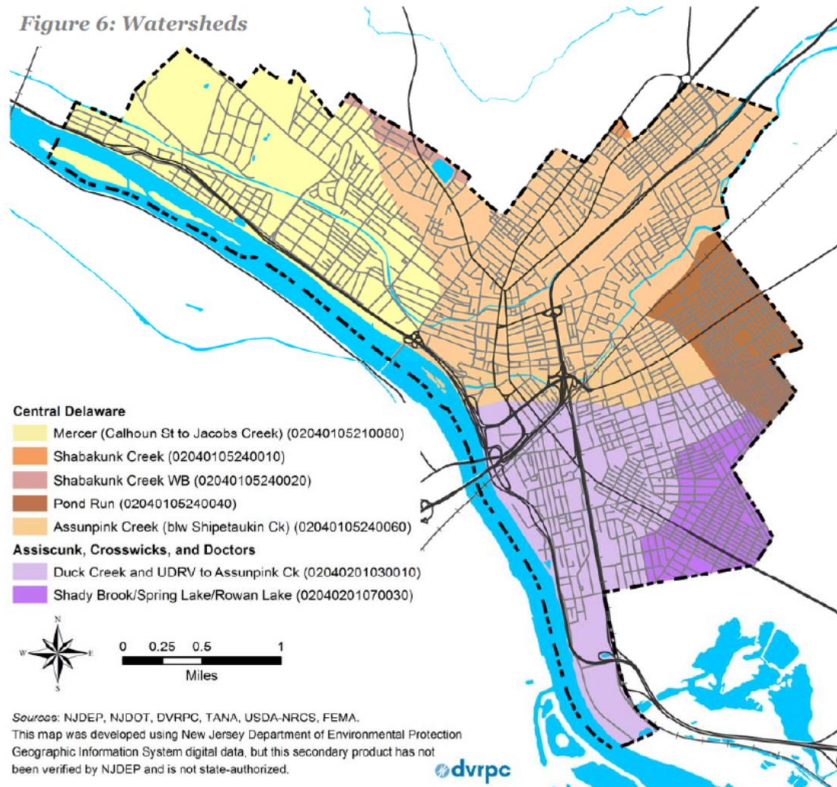

Municipal Water Story

- Water Story Action (new)
 - Describe Water Supply
 - Describe Stormwater (runoff) and wastewater (sewer)
 - Water features
 - Identification of Water Issues
 - Community Participation in Developing the Story
 - Share & validate w/ governing bodies & community
 - Explore water meaning; enhance story w/multiple voices

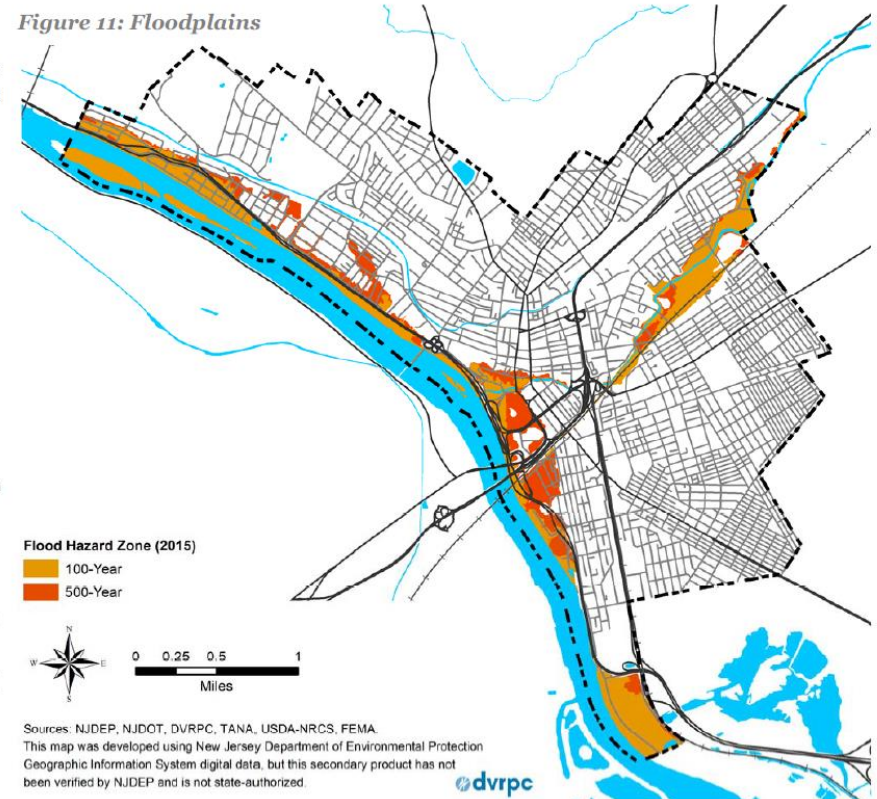

Trenton – Water Story
