Resolution of Support from Local Governing Body Authorizing the Sustainable Jersey Grant Application

Some municipalities have requested a sample of the resolution that must accompany their Sustainable Jersey Small Grants Program application. The purpose of the resolution is to affirm that the governing body approves of the proposed grant project/activities. A signed and certified resolution should be included with the grant application. Any standard resolution in support of applying for a grant will suffice. We do not require that you use this format.

SAMPLE RESOLUTION
[Municipality]

NOTE: This is **NOT** the same as the resolution to register with Sustainable Jersey

Selection Process

All **\$10,000** and **\$20,000** proposals will be reviewed by a Blue Ribbon Selection Committee composed of experts from the public and private sectors.

All **\$2,000** grants will be awarded based on the green team's commitment to advancing sustainability initiatives in the municipality and how the proposed activities will lead to the successful completion of specific Sustainable Jersey actions.

Budget

Action Plan
& Timeline

- Up to 50% of the grant funds will be reserved for certified municipalities
- Efforts towards Sustainable Jersey certification are considered
- The regional distribution of grants throughout the state is considered

Project Description

- The description concisely summarizes the specific project to be funded by the grant award

TIP: Project Selection

- Think “outside the box”
- Identify all requirements associated with the project
- Consider community dynamics when crafting your proposal so it’s successful
- Consult stakeholders before settling on a plan
- Understand your capacity

Project Team Members

- The designated project team appears qualified to undertake the proposed project
- The project team includes representation from municipal and community stakeholder groups that will be involved in or impacted by the implementation of the proposed project

TIP: Building Your Team

- Include representation from stakeholder groups that will be involved/impacted by the implementation of the project like municipal staff, residents, the school community, etc.

Action Plan & Timeline

- Includes the steps needed to successfully complete the project
- Identify the target completion dates to ensure project completion after 18 months (12-month for 2k grants)
- Identify ribbon cutting ceremonies or milestone events
- Cannot submit a proposal for a project already underway or completed.
- Efforts to be funded by the grant cannot start until after the grant announcement event in **early May 2020**. Planning steps can occur beforehand.

Please use this form to outline the specific steps or tasks needed to complete the proposed project. These steps include project planning, implementation, community outreach and evaluation. Identify the target completion date for each step to ensure the project can be accomplished by the end of the performance period. Include plans for ribbon cutting ceremonies and milestone events. Implementation steps should **NOT** begin until after the grant is awarded at the press announcement event. Additional lines can be added.

Action Plan & Timeline

- Identify ribbon cutting ceremonies or milestone events

TIP: Project Planning/Implementation

- Consider administrative delays, such as the procurement process and plan time for paperwork
- Research the products you plan to use
- Plan ahead for summer months/downtime
- Spend time and resources to train volunteers
- Try to plan for the unexpected – always have a “plan B”

Community Engagement

- The proposed project will capitalize on collaborations between community stakeholders including representatives from the schools, municipal and county agencies, civic or community-based organizations, non-profits, professional organizations and local businesses
- Details on how the project will be shared with the community are included

TIP: Building & Engaging Your Team

- Recruit volunteers early on
- Identify and involve all relevant parties from the beginning
- Get students/youth involved
- Keep meetings short, timely, meaningful and efficient

Project Impact & Evaluation

- The project will augment existing green team efforts and contribute toward making progress in the Sustainable Jersey Certification program
- The proposed project is unique, innovative and addresses a specific need
- What the project hopes to accomplish is clear and relevant background information is provided to better understand the impact of the project
- Who will benefit from the proposed project (staff, residents, etc.) and how is clearly articulated
- Project outcomes will be evaluated

TIP: Project Selection

- Propose a project that capitalizes on collaborations between municipal and district/school stakeholders
- Consultant-driven projects should feature a green team component

Budget

- The Budget Narrative clearly summarizes project expenses and identifies all the sources of funding needed to complete the proposed project, including in-kind contributions such as volunteer hours
- The project leverages no or low cost resources to cost-effectively complete the proposed project
- It is clear that all additional funding besides the grant is in-hand or committed

Budget

- The detailed project budget is consistent with the Budget Narrative and clearly identifies the eligible project expenses that will be billed to the grant
- The budget is realistic, costs are justified and resource contributions, including in-kind, have a reasonable value
- Promotional items including “give-aways” (i.e. T-shirts, water bottles), incentives, refreshment or awards do not comprise more \$1,000 of the proposed grant budget for 20k & 10k grants and \$200 for 2k grants

TIP: Budget

- Leverage no or low cost resources to cost-effectively complete the project
- Detailed budget consistent with budget narrative
- Budget is realistic, costs justified, resource contributions have reasonable value
- Keep in mind promotional item value limits
- Include shipping costs

Budget

- Itemize expenses from all sources of funding
- Quantify any in-kind contributions
- Eligible expenses include staff stipends, consultant or contractor service fees, equipment, project supplies, training and educational materials, and promotional items (including meeting supplies, incentives or awards).
- Ineligible expenses include facilities/administrative (overhead) costs.

Sustainable Jersey Grants Program Budget Template

Matching or in-kind contributions are encouraged, but not required. If the proposed project will be 100% funded by the grant, do not enter anything in the Other Funding Sources column. If other funding will be used to complete the project in conjunction with the grant, please identify the amount in the Other Funding Source column. Identify the source of the additional funding, if it has been secured, and any other details deemed necessary to include in the Budget Narrative. Any NJCEP, utility, or other incentives should be included. In order to upload your budget to the grant application, you must convert the excel document into a PDF. Please make sure that the rows and columns in the PDF are not cut off due to page breaks. To ensure this, select the "fit to paper width" option when saving as a PDF.

Grant Awards

Grant recipients will be announced:

Early April 2020

- \$2,000 grants will be fully disbursed at a press announcement event in early May.
- \$20,000 and \$10,000 project grant awards will receive an initial grant of half the award (\$10,000 & \$5,000 respectively) at the press announcement event. The remaining half of the grant will be paid upon satisfactory completion of the project and approval of the final fiscal and project report.

\$20,000 & \$10,000 Reporting Requirements

Nine-month Interim Report: **February 28, 2021**

- Provide a status report on project progress, expenditures, photos and any modifications to the original proposal. Any changes to the original project **must be preapproved by Sustainable Jersey**. Include possible dates for ribbon cutting ceremonies or milestone events.

Final Report: **November 30, 2021**

- Information about the project's completion including a summary, lessons learned, impact on the community and final expenses.
- At least **TWO photographs** along with documentation depicting the grant project and/or related activities are required.
- Documentation that the PSEG Foundation and Sustainable Jersey were acknowledged as the project funders in project promotional materials and project signage.

Grant reporting will be completed online. Reminders will be emailed to the primary project contact in advance of the reporting submission deadline.

\$2,000 Reporting Requirements

Final Report: **May 31, 2021**

- Description of activities funded by the grant that highlights outcomes and impact.
- Challenges, lessons learned, and expenses charged to the grant.
- A summary of any modifications to the grant project, activities, and/or outcomes outlined in the original grant proposal.
- Samples of communications distributed to the community related to the grant efforts that also highlight the PSEG Foundation and the Sustainable Jersey Grants Program as the grant funders.
- At least **TWO photographs** along with documentation depicting the grant project and/or related activities are required.

\$20,000 Grant to Ocean Environmental Group

By DON STINE

A \$20,000 grant from the 2018 Sustainable Jersey Grant funded by the PSEG Foundation has been awarded to the Environmental Commission of Ocean Township.

"We are very proud of it and very excited," Commission Chairman Ray Pogwist said.

He said the grant reflects the collective efforts of the commission over the past few years. Pogwist specifically cited commission member Mike Davenport for writing the grant.

"He was truly instrumental in making it possible and we are very happy he took this on," he said.

The grant money will go towards producing an Environmental Resources Inventory. An inventory gives a municipality an understanding of

the capacity and limitation of its natural resources.

Pogwist said two areas of special concern will be the township's declining tree canopy and the current status of its watersheds.

He said the ERI will serve as an important tool for the township's Master Plan and to educate the public. Copies will be distributed to the public library and to the Intermediate School and High School libraries.

Pogwist said that the commission hopes to hire a consultant to prepare the ERI as soon as possible and, once that happens, he estimates it will take about a year to complete.

"We have a lot of footwork and review to do but it should take about a year, start to finish," he said.

Grant reporting will be completed online. Reminders will be emailed to the primary project contact in advance of the reporting submission deadline.

Margate City Native Species Demonstration Garden

This garden was made possible through a grant from Sustainable Jersey for the purpose of educating the community on the importance of incorporating native species in local landscape plantings.

Native species require less water and fertilization since they are adapted to local conditions.

They also play an important role in supporting wildlife by providing food and shelter. Native plants also help maintain the health of our watersheds.
