

Sustainable Jersey Certification Report

This is the Sustainable Jersey Certification Report of Ocean Twp, a Sustainable Jersey silver certified applicant.

Ocean Twp was certified on October 14, 2015 with 355 points. Listed below is information regarding Ocean Twp's Sustainable Jersey efforts and materials associated with the applicant's certified actions.

Contact Information

The designated Sustainable Jersey contact for Ocean Twp is:

Name:	DIANE AMBROSIO
Title/Position:	ADMINISTRATOR/MUNICIPAL CLERK / ADMINISTRATOR/MUNICIPAL CLERK
Address:	TOWNSHIP OF OCEAN 50 RAILROAD AVENUE WARETOWN, NJ 08758
Phone:	609-693-3302

Actions Implemented

Each approved action and supporting documentation for which Ocean Twp was approved for in 2015 appears below. Note: Standards for the actions below may have changed and the documentation listed may no longer satisfy requirements for that action. Additionally, points associated with actions prior to 2013 certifications may not be accurate.

Animals in the Community

Animals in the Community Education *Retired 12/31/23*

10 Points

Program Summary: In efforts to increase public outreach and promote responsible pet care the Environmental Commission and Green Team set up an information table on August 5, 2014's town event. The table was available from 5 PM to 9:30 PM to answer questions and receive input from the public. All local business owners were invited to set up tables and attend the event. The event was a huge success having over 800 community members attending. More than five hundred educational brochures and flyers were distributed to the public provided by the Popcorn Park Zoo

Animal Rescue and Sanctuary. The contents consisted of information regarding human relationships with Wildlife, and protecting Endangered Species. Handouts regarding the township annual Free Rabies Clinics, pet licensing, Have a Heart Traps, and a draft of the Animal Management Plan and Pledge were also available at the table. The Popcorn Park Zoo Animal Rescue and Sanctuary has been employed by the Township of Ocean for over 20 years as Animal Control Enforcement. Their facility provides educational programs which the Township of Ocean promotes to residents including the Associated Humane Societies "Share a Pet" Program, FEMA-Preparing your pet for emergencies planning, and trips conducted by volunteers at the Popcorn Park Zoo Animal Rescue and Sanctuary to the Humane Society. All programs were advertised at the table August 5th. To reduce the community complaints of the stray and feral cat population two effective programs have been implemented by the township. These two programs are the Have a Heart Program and the annual Rabies Clinics. The township understands that lifelong pet care is expensive. To help its community members the Township of Ocean Board of Health conducts an annual Free Rabies Clinic. This clinic educates participants on the importance of rabies vaccinations while providing vaccinations at no cost. This clinics efforts reduce the number of stray pets due to lack of affordability. To reduce the number of feral cats the Township of Ocean assisted by the Popcorn Zoo Animal Rescue and Sanctuary offers a Have a Heart Trap Program to all residents in the community. After obtaining a trap from the Municipal Town Hall, specific animal friendly instructions are provided ensuring stray and feral cats are trapped humanly. Animal Control Officers retrieve the trapped cats bringing them to their rescue adoption shelter. This program decreases the population of stray and feral cats giving them a chance to be adopted. Educational and advertisement flyers for these programs are displayed and distributed to the public at informational tables at all township events, community TV Channel 22, email blasts, and the website (www.twpoceannj.gov).

Companion Animal Management Plan *Retired 12/31/22*

10 Points

Program Summary: The Township of Ocean developed this plan using the expertise and input of the Environmental Commission, Green Team Advisory, Board of Health Secretary, Popcorn Park Zoo's Animal Enforcement Officers, Municipal Construction and Zoning Officials, Superintendent of Public Works, and Municipal Clerk. At the most recent township event National Night Out held on August 5th a generated draft of this plan was outreached to the community. This gave community members the opportunity to share their thoughts, ideas, and concerns providing the feedback needed to address the interests of the wider community.

Community Education & Outreach

10 Points

Program Summary: The Township of Ocean realizes the importance of Community Outreach and Education holding ongoing events, programs, and communication. The township website (www.twpoceannj.gov) is an extremely useful tool offering the public access to such information as our NRI, Municipal code book, announcements, and reports. Direct communication with members of the community is accomplished by email announcements, reverse 911 calls, and the NIXLE. Additionally the township provides a community cable television station- TV Channel 22 and Facebook page for resource tools to advertise events, daily announcements, and general information to the public. URL: OceanTwpgovOceanCountyNJ Community outreach events and programs are the Town Wide Weekend Clean Up, Founder's Day, National Night Out, and Neighborhood Watch. The Township Committee also enjoyably hosts an annual first grade field trip to each Municipal department to educate children about their community. These annual ongoing events offer updated community educational material including but not limited to reducing waste, storm water management, water conservation, recycling and pet care. All Municipal departments are present at each event to answer questions, hand out educational literature and material to the public. Events are advertised via newspapers, community TV channel 22, the township website, and road side blinking lights. Flyers are posted continuously in Municipal buildings, Elementary Schools, and local library to promote events.

Green Design

Green Building Policy/Resolution

5 Points

Program Summary: The Township of Ocean adopted a Land Use Plan Element into the 2015 Master Plan Resolution 2015-9. This Element's goal is to build resiliency throughout the Township through promotion of green building and infrastructure techniques, and is meant to inform the future development of municipal development regulations. The Land Use Element's subsections include Green Building and Infrastructure Techniques, Downspout Disconnection, Rain Gardens, Bios wales, Permeable Pavements, Green Roofs, and Tree Cover. The Township recognizes the green building and infrastructure techniques are an important tool for promoting resiliency. The use permeable surface surfaces (e.g. Porous concrete, gravel, mulch, etc.), landscape formations (e.g., channels, depressions), plant material Please refer to pages 46-49 of the 2015 Municipal Master Plan's Land Use Plan Element for details of the Green Building and Infrastructure Techniques, Downspout Disconnection, Rain Gardens, Bios wales, Permeable Pavements, Green Roofs, and Tree Cover amendments. Here is a link to the reexamination report: http://www.twpoceannj.gov/mgt-plans/Ocean-Twp-Reexamination-Report-Final-Aug_25.pdf

PDF: [MASTER PLAN REEXAM RESOLUTION](#)

Innovative Projects

Innovative Community Project 1

10 Points

Program Summary: The pressing issue of bamboo spreading quickly in various areas of the community was brought to the attention of the Township of Ocean Environmental Commission by community members in 2012. Due to the fact that bamboo serves no purpose in this area, wildlife cannot pass through it, and mosquitoes lay eggs in the water it collects the EC felt that the township would benefit from action to be taken. The purpose of this ordinance is the protect and promote public health through the control of the growth of invasive plant species.

PDF: [2013-15 INVASIVE SPECIES](#)

Innovative Community Project 2

10 Points

Program Summary: Going the extra mile to reduce pollution and stop illegal dumping the Township of Ocean holds an Annual Town Wide Clean Up Weekend at NO COST to the residents at the Waretown Lake & Recreation Area- thirteen (13) year and counting! This event is conducted by the Township Committee, Department of Public Works, and volunteers from the Environmental Commission and Green Team Advisory. Participation from residents grows larger and larger each year. The event gives residents of the community an opportunity to easily dispose of their waste and provides community outreach and education. Residents disposed of over 121 tons of bulk garbage in 2014's 12th annual event which was held June 14th-15th. Other items disposed of included; 10 refrigerators, 20 propane tanks, 8 tons of E-waste, 8 tons of tires, 750 gals of waste oil, 100 gals of antifreeze, 2 dumpsters of concrete, 18 bins of paint, 25 tons of stumps and brush, and 4 dumpsters of metal. Please see attached for tonnage results of June 19 -20th's 2015 13th Annual Event. Accepted materials include the following; bulk garbage, tires, metal, appliances, propane tanks, Freon items, waste oil, brush, stumps, batteries household/ marine, paint, cardboard, newspapers, magazines, and co-mingles item- all at no cost. Advertisement for the event is placed on roadside flashing signs, community television- channel 22, Township website www.twpoceannj.gov, flyers (distributed at community events attached), and is printed every year in the free Township calendar mailed to each resident every December for the upcoming year.

PDF: [TOWN WIDE CLEAN UP WEEKEND FLYER](#)

PDF: [2015 TONNAGE RESULTS](#)

Innovative Community Project 3

10 Points

Program Summary: The Township of Ocean Environmental Commission is actively involved in the community's development. The purpose of Source Water Protection Plan is the reduce and/or eliminate potential threats to drinking water sources, identify actual and potential sources of contamination preventing costly treatment processes, avoid the need to obtain alternate drinking water sources, and allow for public education on the importance of protecting their drinking water sources. Educational material is distributed to community members at numerous community events such as the annual Founder's Day and National Night Out. Information is posted on the Township website. www.twpoceannj.gov.

Land Use & Transportation

Sustainable Land Use Pledge

10 Points

 Bronze Priority  Silver Priority

Program Summary: Adopted at Regular Business Meeting June 11, 2015. Pledge distributed to the Township Committee, Clerk's Office, Department of Public Works, Construction Officials, Planning Board, Zoning Officials, Code Enforcement, Environmental Commission/Green Team, and

Police Department. The Pledge is available to public on the Township website, link provided below. www.twpoceannj.gov

PDF: [SUSTAINABLE LAND USE PLEDGE RESOLUTION 229](#)

Bicycle and/or Pedestrian Plan

10 Points

Program Summary: In 2007, the Township adopted an amendment to the Economic Redevelopment Plan to reflect the Township's plan endorsement and center designation as required by Planning and Implementation Agenda (PIA) approved by the State Planning Commission as part of the Township's plan endorsement. The 2007 amendment established the framework for pedestrian-oriented, mixed-use center within the redevelopment plan area designated in the 2000 Economic Redevelopment Plan. The Economic Redevelopment Plan adopted April 11, 2013 by Ordinance 2013-8 includes updated maps of the areas, condition analysis, and improvement guidelines. The Plan's intent is to guide the redevelopment of the TC Town Center District with smart growth planning principles which includes pedestrian, bicycle, and surface parking guidelines. The 2013 Economic Redevelopment Plan was adopted into the 2015 Municipal Master Plan. Section 5: Relationship to the Land Use and Zoning Ordinance bullets the contents of the 2013 Plan which includes section 5.1.5 Circulation: *Creates pedestrian walkways, bike ways, and other pathways to enhance both the ability and desirability of walking and biking. *Design the interior roadway of the Center to meet the needs of the car, pedestrian, and bicyclist. * Establish trails and green ways linking neighborhoods, schools, recreational facilities, community facilities and the Town Center. The Township of Ocean 2015 Master Plan Reexamination Report and Master Plan Amendments adopted May 7, 2015 incorporates a new amendment for the Bicycle and Pedestrian Plan. The amendment establishes a vision, discusses key principals of the design and maintenance of the bicycle and pedestrian facilities, and outlines important goals and objectives for their provisions. The Element envisions that linkages will be provided in the form of: on-road bicycle lanes, lanes shared between bicycles and vehicles, where appropriate; greenways; and protected multipurpose trails. In all variations, bicyclists and pedestrians will be able to travel in a safe and efficient manner throughout the network, which will boost bicycling and walking for recreation, and increase their use as a means of transport. The bike/ped conditions were evaluated by: · Evaluating open space and recreation areas throughout the Township for improvements to bicycle and pedestrian access and facilities. · Identifying existing sidewalks, on-road bicycle lanes, bicycle paths, greenways, and multi-use trails; locate needed connections between existing facilities · Determining key destinations within Ocean Township · Reviewing the existing Barnegat Branch Trail and determine priority connector points. We plan to implement this by: · Establishing a permanent advisory committee for bicycle and pedestrian facilities.- The Township will need to decide who will be on this committee. Considering a subcommittee of the Green Team. · Ensuring that all bicycle projects comply with recognized design standards, such as the Guide for the Development of Bicycling Facilities prepared by the American Association of State Highway and Transportation Officials. The Township Land Development regulations should be updated to require bicycle project compliance with design standards. · Investigating potential funding mechanisms for bicycle and pedestrian facilities, including grants and open space trust funds. This should be an action of the bicycle and pedestrian facilities advisory committee. · Coordinating bicycle planning with Ocean County and the State of New Jersey. · Developing a Township-wide bicycle and pedestrian facility map that is displayed at parks and other major destinations. Additionally, standards for trailhead signage and locational markers should be developed. This should be an action of the bicycle and pedestrian facilities advisory committee. · Writing a maintenance plan for the bicycle and pedestrian network in Ocean Township. This should be an action of the bicycle and pedestrian facilities advisory committee.

Effective Parking Management

10 Points

Program Summary: Section 3.9 Parking and Loading of the Township of Ocean Economic Redevelopment Plan prepared by T& M Associates, adopted April 11, 2013 by Ordinance 2013-8 and incorporated in 2015 Master Plan outlines the new specifications for effective parking reducing future parking demands and safety provisions for pedestrian access in the Town Center District Redevelopment Plan. Section 3.9 includes; Surface parking 3.9.1, Pedestrian Circulation 3.9.2, Bicycle Facilities 3.9.3, On Street Parking 3.9.4, and Parking Calculations 3.9.5: Number of Spaces and Shared Parking 2015 Master Plan adopted May 7, 2015

Local Economies

Support Local Businesses

10 Points

Program Summary: The Township of Ocean recognizes that local businesses are vital part of the community. To support our local businesses building community recognition, provide access to potential customers, and connect the businesses to civic and community organizations the Township invited all to participate in the 2015 National Night Out community event held on August 4, 2015. This FREE community event was held for the first time in the Municipal Complex parking lot August 5, 2014 and was a huge success having over 1,000 residents and dozens of local businesses in attendance. 2015's event included FREE food, beverages, snacks, live music performed by DJ Encore, bounce houses, McGruff the Crime Dog, K-9 Demo, UFC Champion Frankie Edgar, NY Giants Richard Seubert, free food from community partners, Freckles the Clown, a classic car show, DUI demos, mobile rock walls, video game trailers, face painting, the Bat Mobile, hot dog eating contest, and free giveaways from the local businesses. Advertising included announcements on the Radio Station B 98.5, the community television channel 22, the Township Facebook page, the Barnegat and Manahawkin Patch, Township website, dozens of vendor websites, newspaper advertisements, and flyers posted and distributed in local businesses and other Township events. Natural Resources

Natural Resource Inventory

20 Points

 Bronze Priority  Silver Priority

Program Summary: The Township of Ocean Environmental Commission in consultation with the Township of Ocean Land Use Board has prepared this ERI as a reference for land use and planning decisions in the Township. This Township first prepared a Natural Resource Inventory in 1978, which was updated by the New Jersey Pinelands Commission and incorporated in the 1982 Township of Ocean Master Plan. Ocean has many planning documents that consider natural resources, such as the Municipal Master Plan (1999/2001), Amended Land Use Plan Element, Circulation Plan Element, Community Forestry Plan 2002-2007, 2008-2015, the 2005 Open Space and Recreation Plan, and 2008 Recreation Open Space Inventory. The purpose of the Environmental Resource Inventory is to identify the natural resources within a municipality, to describe their importance to the public health, safety and welfare of the community, and to recognize the potential adverse impacts. ERI provides an essential part of the background data necessary for a Planning Board to review key environmental characteristics and concerns for a particular site. The Planning Board would then apply this information while considering future master plan amendments and reviewing individual applications for development. Originally incorporated into the Master Plan in the year 1982 it is regularly updated in accordance with the provisions of the Municipal Land Use Law.

Open Space Plans

10 Points

Program Summary: The Township of Ocean Open Space and Recreation Plan Element was adopted as part of the 2015 Municipal Master Plan Reexamination Report and Master Plan Amendments on May 7, 2015- Resolution 2015-9-PB (see attached). In addition to amending the OSRP to include updated mapping of the Township's recreation and open space areas, the plan's list of objectives and action items were amended to include additional objectives and action items to help increase resiliency within the Township. The OSRP Element is located page 50-52 of the 2015 Master Plan (attached). Appendix B provides the updated mapping of the Township's OSRP (attached). <http://www.twpoceannj.gov/mgt-plans/index.html> Information is located on the Township website (www.twpoceannj.gov).

Waste Management

Prescription Drug Safety & Disposal

10 Points

 Bronze Priority  Silver Priority

Program Summary: The Township of Ocean recognizes the importance of a proper and accessible drug disposal program. In efforts to prevent negative environmental and societal impacts the township has conducted two collection days per year in the community. (See Attached) Collection disposal dates are widely advertised via town emails, newspaper advertisements, blinking lights, and the town TV Channel. As of January 27, 2014 the Township of Ocean has become a partner in "Project Medicine drop, led by the New Jersey Division of Consumer Affairs. This gives consumers the opportunity to dispose of their unused prescription

medicines safely and securely, in secured drop boxes maintained by law enforcement agencies. Being a Project Medicine Drop partner the Township of Ocean has now established a permanent drop off location, 50 Railroad Ave. Waretown, NJ 08758. (See Attached). Our September 27, 2014 event collected 54 pounds of medication, and the April 26, 2014 event collected 144 pounds.

PDF: [PRESCRIPTION DRUG SAFETY AND DISPOSAL DOCUMENTATION](#)

Commercial & Institutional Recycling

10 Points

Program Summary: The Township of Ocean recognizes the importance of an established program and enforcement for collection of recyclable material from commercial and institutional establishments in the community. Ordinance 1988-5: "ESTABLISHING A PROGRAM FOR THE COLLECTION OF RECYCLABLE MATERIAL FROM RESIDENCES AND COMMERCIAL AND INSTITUTIONAL ESTABLISHMENTS IN THE TOWNSHIP OF OCEAN, TO PROHIBIT THE DISPOSAL OF RECYCLABLE MATERIALS INTO THE CONVENTIONAL MUNICIPAL SOLID WASTE DISPOSAL SYSTEM, TO EMPOWER THE RECYCLING COORDINATOR, TO PROMULGATE REASONABLE REGULATIONS THEREFOR, AND TO FIX PENALTIES FOR THE VIOLATION THEREOF" In efforts to increase successful recycling for institutional establishments the Township provides weekly recycling pickups and special curbside pickups for metal, electronics, brush, marine batteries, freon, and propane.

Community Paper Shredding Day

5 Points

Program Summary: The Township of Ocean proudly participated in the 2015 Ocean County Document Shredding Program June 20, 2015. The program provided residents and taxpayers with the opportunity to safely and securely recycle their old documents and files. The event had such a large turn out that it continued for an additional 1.5 hours over the advertised time, shredding a total of 3.65 tons (7,300 lbs)! Advertisements were widespread in newspapers and township and county websites. The Township of Ocean posted advertisements on roadside flashing signs, local T.V. Channel 22, and in municipal buildings. www.twpoceannj.gov
