

Tobacco Free for a Healthy NJ presents the next webinar of the Tobacco Free Tuesday Series:

Building Healthier Communities: Achieving a Tobacco-Free Designation Through Sustainable Jersey with Policy and Points

FREE WEBINAR ON ZOOM!

February 18, 2025
10:00AM - 11:30AM

Join *Tobacco Free for a Healthy NJ* and *Counter Tools* for a webinar to learn more about how your local municipality can be selected as a "Tobacco Free Community" through Sustainable Jersey. A municipality can earn points towards the Tobacco-Free Community Designation by contributing to several tobacco initiatives. In this webinar we will hear from Sustainable Jersey, Westfield Township and Maplewood Township on how municipalities can earn points by implementing point-of-sale policies to help reduce tobacco-related disparities, decrease tobacco use, and reduce exposure to advertising. The webinar will offer free Public Health CEU credits (1.5) after attendance.
