

HOBOKEN'S NORTHWEST RESILIENCY PARK

A national model for flood resilience and climate change adaptation

1,000,000

gallons of rainwater held through underground storage tank

750,000 +

gallons of rainwater held through above ground green infrastructure

50,000

gallons of rainwater held in an underground cistern, which will help irrigate the park

Combating heavy flooding events through the Northwest Resiliency Park, by the numbers:

287

trees to be planted in the park to help collect and absorb rainwater

8

drainage areas designed into the park to collect thousands of gallons of rainwater

19

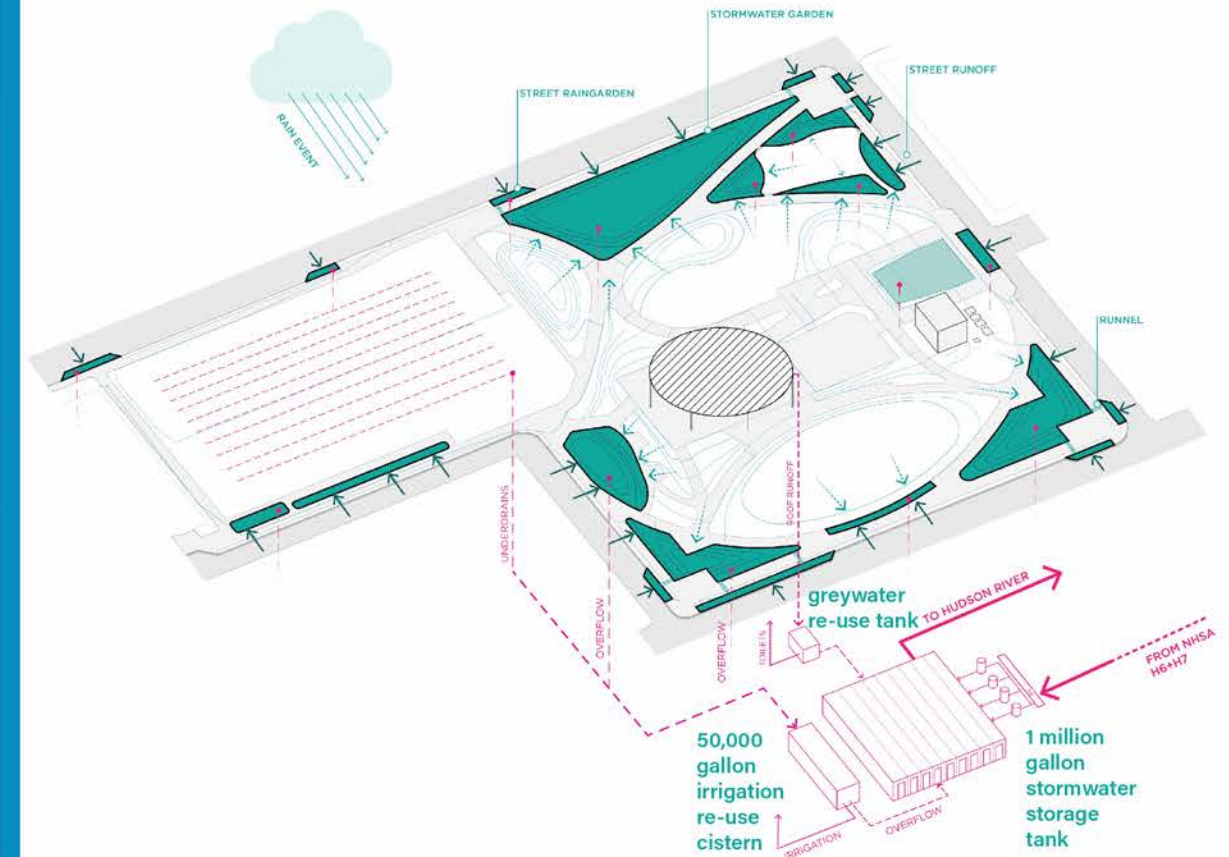

rain gardens to collect and treat rainwater during heavy storms

90%

reduction in combined sewer overflow events in Northwest Hoboken

STORMWATER DELAY - STORE - DISCHARGE

The logo is centered on a green background with decorative circular patterns in the corners. It features a yellow oval with a green dotted border. Inside the oval, the text "SUSTAINABLE JERSEY" is written in green, with "SUSTAINABLE" in a smaller font above "JERSEY". A red banner at the bottom of the oval contains the word "CERTIFIED" in white, flanked by two white dots.
