Stephanie that's wonderful!

I'm a high school librarian at Wayne Hills :)

For the high school- we created Screencastify walk throughs of how to do a lot of the online changes (ie, I did several about our online research materials). This way, parents and kids could use those to make sure they could use the resources.

**From Thomas Santo to Everyone: 04:24 PM**

**From Donna Helmes to Everyone: 04:31 PM**

Yes, I enjoyed this and learned a lot of helpful things. Going forward, I would appreciate if we could talk about creative ways schools are working on certification actions in this time of social distancing and remote learning.

**From Thomas Santo to Everyone: 04:31 PM**

I like the idea... and would be interested in somehow the application process via remote learning

Food and feeding could be a big issue with many families.

**From Kristen Caldwell to Everyone: 04:31 PM**

Donna, I'm having some issues with that- trying to get the proper documentation has been hard, because everyone is so stressed in their own jobs. I'm doing what I can!
