

Has your town made any changes or actions to allow for more places for safe biking and walking since we started social distancing?

Do you notice any of the following on your roads, Check all that apply:

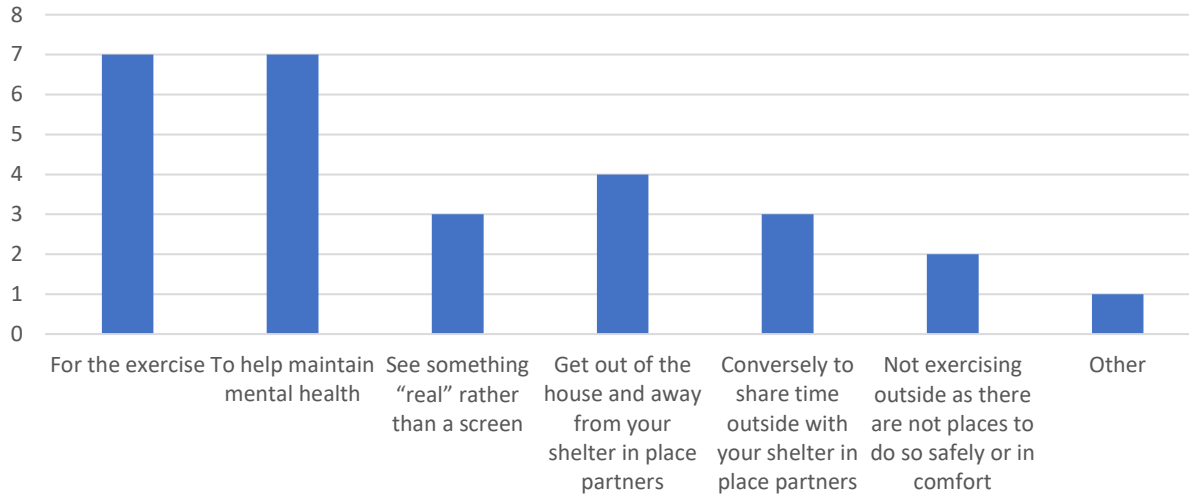

Are you seeing less traffic on your roads?

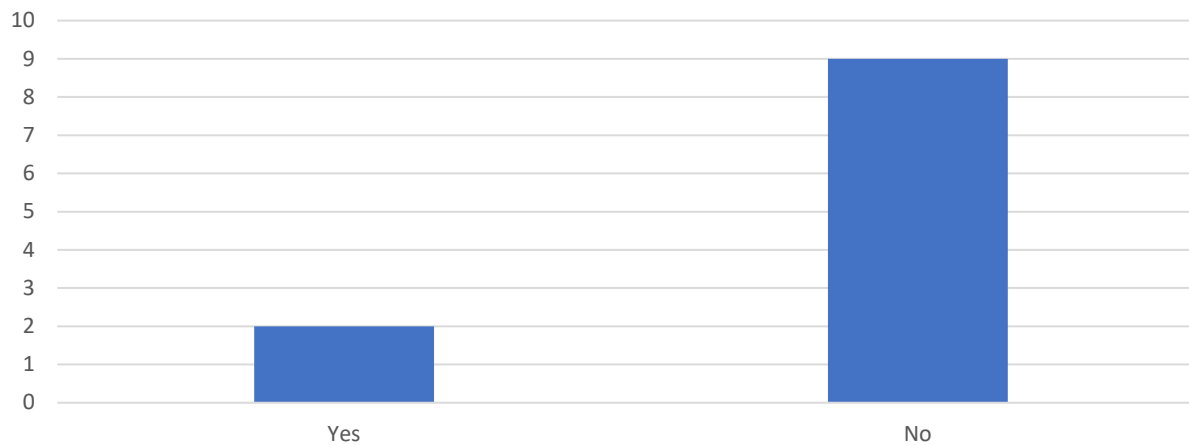

Are you walking or biking more with the advent of social

distancing? And if or if not, why? Check as many as apply.

Do you have any observations, tips or ideas you want to share on the call or in the chat box?

Are you interested in guidance for how your municipality could provide more outdoor places to safely exercise?
