Empowering Change

The Sustainability Summit is a unique opportunity for change-makers across political, private and public sectors to connect on the most pressing issues we are currently facing, from making our communities more resilient to climate change, to reducing our community carbon footprints, to building necessary capacity for implementing local solutions, and more.

Join us for an inspiring day of networking and learning that will equip you with fresh ideas and new partners.

The Summit is a perfect opportunity to expand the movement & bring new people into the fold.
